

SAVED HIS RUN

Engineer Kell Was Almost Played Out.

Gains 25 Pounds Taking Tanlac, Now Feels Fine.

Still another well-known Indiana railroad man testifies to the remarkable merits of Tanlac. This time it is John M. Kell, of 715 Gibson street, Princeton, engineer on the Southern, pulling passenger train between Evansville and French Lick, West Baden.

Mr. Kell has been employed by the Southern continuously for the past thirty-one years, and is one of the oldest in point of service, as well as one of the most efficient and popular men of the Louisville division of the road.

During a conversation with friends at the H. A. Woods drug store in Evansville the other day, Mr. Kell declared that Tanlac has kept him from having to give up his run. When asked if he was willing to let his statement to be published, Mr. Kell said:

"Yes, indeed, for I feel certain—in fact, I know—Tanlac has given me back my good health and I am proud to let the facts be known. At the time I got Tanlac I was going downhill so fast that I could not have possibly kept my run much longer, and such a medicine is certainly worth recommending to everybody. I would not think of being without it, and in order to have it when I need it, I keep a bottle at each end of my run and one on my machine with me."

"During the past five years I have had considerable trouble with my stomach and kidneys. I also had rheumatism in my legs, arms and shoulders, and have had to lose several trips on account of my condition, which kept getting worse and worse. I could do nothing but sit at home and wait for the doctor, and I was afraid to eat anything except something very light for fear it would hurt my stomach. I was very nervous and in order to have it when I need it, I keep a bottle at each end of my run and one on my machine with me."

"But Tanlac has put an end to that state of affairs and I just feel happy like a boy to see how perfectly my health has been returned. One day I read a testimonial that described my case almost to a T, that's how I got started on Tanlac and I have been going forward, in fact, I have been wading ever since. I picked up eight pounds in weight in the first four weeks, but that is only a very small part of what Tanlac has done for me. My stomach is in such fine condition now that I can eat just anything I want and never feel a shadow of indigestion. In fact, the first bottle of Tanlac relieved me of that trouble, and since that time I have gotten rid of the rheumatism in my legs, arms and shoulders. My kidneys are in excellent shape, I am in first class condition in every way and can climb in and out of my engine with as much ease as I could when I first got my run. To put it all in a few words, I am feeling as fine as anyone could wish, and I don't mind for the world to know what Tanlac has done for me and what I think of it."

Tanlac is sold in Topeka by Tully-McFarland Drug Co., 325 Kansas avenue, and 729 Kansas avenue.—Adv.

STOMACH TORTURE GONE; FIRST SLEEP IN THREE MONTHS

Mr. Heinrichs Was Ready to Give Up. Then He Found How to Regain Health.

"My first sleep in 3 months was on the second night after I began using Milk's Emulsion. I had had a bad case of stomach trouble and constipation for years and was ready to give up. I was troubled with gas, distention, flatulence, and cramps in the stomach. Milk's Emulsion was a God-send to me, and I want everyone to know about a medicine that will cure cases like mine."—C. L. Heinrichs, 702 S. Alabama st., Indianapolis, Ind.

Thousands of sufferers from catarrh of the stomach, indigestion and bowel troubles, have found that Milk's Emulsion gives prompt relief and real lasting benefit.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physicks. It promotes appetite and quickly puts digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price, 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

WAS NOT HIS WIFE

Father of Slain Man Has Documentary Proofs.

"Mrs. Doster" Was Divorced Wife of Coldwater Man.

JEALOUSY WAS HER MOTIVE

Discovered Army Officer Was About to Wed Another.

She Had Followed Him to Fort Riley and New Mexico.

Columbus, N. M., March 11.—Judge Frank Doster, former chief justice of the supreme court of Kansas, has documentary evidence that his son, Capt. Wade Doster, medical corps, United States army, was never married to the woman who claims to be his widow and who was wounded in the shooting affair which caused Captain Doster's death in a local hotel Monday morning, he said today.

The woman, Judge Doster said, was the wife of a man named Harry Canfield. He thus bears out the statement made by Mrs. Lulu Beckley, in El Paso, last night. Mrs. Beckley said she was engaged to marry Doster as soon as he could get his discharge from the army and get rid of the wounded woman.

Woman Was Jealous? Authorities declare the shooting was the outgrowth of the discovery by the wounded woman of letters addressed to Doster by Mrs. Beckley.

Before a coroner's jury, the woman, who asserted she was Doster's widow, said Doster first shot her and that in the struggle which ensued between the two, Doster was shot and killed by her in self defense as they struggled for the revolver. Previous reports were

that Doster had been shot by the woman.

During the Spanish-American war Major Ericsson served with the First, Seventy-seventh and Seventy-eighth divisions. While in France he was recommended three times for promotion to major, but the appointment did not come until after his return to civilian life. He was discharged September 20, 1915. He is now a member of the medical reserve corps and will be called to the regular army in a short time.

During the Spanish-American war Major Ericsson served with a cavalry troop and took part in the capture of Aguinaldo, the Filipino insurgent leader. He also served two years in the civilian quartermaster corps in the Philippines and was with the civilian scouts in northern Luzon for six months.

Major Ericsson recently stated his intention of announcing as a candidate for sheriff. He said today he had not yet decided what effect his new appointment would have on his candidacy and that he was still "feeling out" the situation.

KANSAS NOT TO GET GAS Oklahoma Hikes Rate in Order to Retain Cushing Field Supply.

Oklahoma City, Okla., March 11.—Permission to increase gas charges eight cents for each 1,000 cubic feet, effective March 15, is granted to all companies distributing gas supplied by the Oklahoma Natural Gas Co. in a temporary order issued by the state corporation commission yesterday at the request of the company and a committee of Oklahoma City citizens.

The increase will make the rate for gas supplied for domestic uses 45 cents for 1,000 cubic feet instead of 40 cents. The increase is to enable the gas company to purchase gas in the Cushing field, which has formerly been bought by the Empire Gas Co. for distribution in Kansas at a higher rate than that charged in Oklahoma, the commission stated. The contract with the Kansas company expired today. It was said and to enable the Oklahoma company to obtain the gas placed on the market on that account prompt action by the commission was necessary.

Flowers Heads Elks Succeeds Peppmeyer as Exalted Ruler Topeka Lodge.

W. B. Flowers was elected exalted ruler of the Topeka Elks lodge at the annual election of officers Wednesday evening. He succeeds H. L. Peppmeyer, past exalted ruler who was unanimously elected delegate to the grand lodge which will meet in Chicago this summer.

Other officers elected were: Sam S. Rice, esteemed leading knight; Paul J. Heintz, esteemed loyal knight; John Hamilton, esteemed lecturing knight.

Joe Hoover was elected member of the board of trustees for a three-year term. A. D. Birch was named alternate delegate to the grand lodge. Boxing teams from the Boys' Industrial school furnished entertainment.

Illinois to Hold Meet With California. Urbana, Ill., March 11.—The University of Illinois track team will leave here March 27 for Berkeley, Cal., for a dual meet with the University of California, April 3. It was announced today.

UNFAVORABLE FOR WHEAT Last Week in Kansas Was Cold and With But Little Moisture.

(By S. D. Flora, U. S. Meteorologist.) Unfavorable cold weather, with some of the lowest temperatures ever recorded so late in the season, prevailed over Kansas this week in connection with a severe cold wave and high winds. Snow fell in nearly all parts from the high to the low, to the resulting moisture was so light it did not appreciably relieve the droughty conditions, except in a very few limited localities.

It was a very unfavorable week for wheat, which was already suffering on account of droughty conditions when the week began, and was further damaged by the cold winds. The snow was light and was blown about so much it offered very little protection.

There were some complaints in the western counties, but this seems to have occurred only in the more sandy ground. It is too early to ascertain yet just what damage has been done to wheat, as a good rain or heavy snow falling soon might revive it wonderfully, but present indications are that in a large part of the state the wheat is being abandoned. The northern half is generally in better shape, but its condition is precarious.

Not much spring work was accomplished during the week on account of the low temperatures. Some plowing and diskings were done in the eastern half and oats sowing continued intermittently in that section, also some barley was sown in the western half.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping in the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dick brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

"Mrs. Doster" from her bed twice shot Doster and turned the gun on herself. Doster's body will be taken to Los Angeles tonight for burial, his father said.

"I do not uphold my son in any of his wrongdoings," said Judge Doster. "I will not prosecute Mrs. Canfield, but I will appear as a state's witness if she is brought to trial."

He refused to discuss the status of Mrs. Beckley.

She Followed Doster. Coldwater, Kan., March 11.—Mrs. Harry Canfield, the woman who shot Capt. Wade Doster in Columbus, N. M., Monday, was a resident of this city a few years prior to the fall of 1917.

Doctor Doster had been practicing his profession in this city a couple of years prior to September of 1917, when he went to Fort Riley, where he was made a lieutenant in the medical corps.

Soon after he went to Fort Riley Mrs. Canfield followed him, having apparently formed quite an attachment for him. Her maiden name was Maude Musgrove. Mr. Canfield, one of Coldwater's widely known young business men, divorced his wife last fall. Doctor Doster's first wife died in this city about three years ago.

ERICSSON A MAJOR NOW

Employment Bureau Head and Possible Sheriff Candidate Promoted.

Herman Carl Ericsson, 414 Lindenwood avenue, has received an appointment as major in the quartermaster's section and his possible summons to the regular army is pending the military reorganization. He is now in charge of the local branch of the recently organized state employment bureau.

Major Ericsson served two years overseas as a captain with the First, Seventy-seventh and Seventy-eighth divisions. While in France he was recommended three times for promotion to major, but the appointment did not come until after his return to civilian life. He was discharged September 20, 1915. He is now a member of the medical reserve corps and will be called to the regular army in a short time.

During the Spanish-American war Major Ericsson served with a cavalry troop and took part in the capture of Aguinaldo, the Filipino insurgent leader. He also served two years in the civilian quartermaster corps in the Philippines and was with the civilian scouts in northern Luzon for six months.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question Is Ever on the Lips of the Afflicted

Eczema, Tetter, Pimples and other terrifying conditions of the skin are deep-seated blood troubles, and applications of salves, ointments and washes can only afford temporary relief, without reaching the real seat of trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

HOW TO ACQUIRE HAIR BEAUTY

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist's a package of canthox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Adv.

An Important Letter

CARTHAGE, Mo.—"My mother used Doctor Pierce's Favorite Prescription and was so well pleased with it that she gave it to me when I was entering womanhood, and I have used it off and on all my life for ailments for which it is intended to be helpful. I have given it to my daughter for the same ailments. It has always helped us promptly and satisfactorily."

"I have used the 'Golden Medical Discovery' for a bad cough and slight asthma, and was pleased with the way it benefited me."

"I have used the 'Pleasant Pellets' for constipation and biliousness all my life. I like them better than any other medicine of the kind because I can stop taking them any time without noticing any bad effects. There is no danger of getting a habit and being compelled to keep on taking them."—Mrs. GEORGE F. BLUE, 711 East Second Street.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs containing tonic properties of the most pronounced character. It is not a secret remedy for its ingredients are printed in plain English on the wrapper.
